

**ELKO NEW MARKET PARKS COMMISSION
REGULAR MEETING AGENDA
TUESDAY, AUGUST 7, 2018 @ 4:00 PM
Elko New Market City Hall**

- 1. Call to Order/Roll Call**
- 2. Approve Agenda**
- 3. Citizen Comments**
- 4. Approval of Minutes of July 10, 2018 Parks Commission Meetings (Attached)**
- 5. Petitions, Requests, and Communications:**
 - a. Finance and Commerce Article on “How economists Determine the Value of Nature” (Attached)**
 - b. Minnesota Recreation and Parks Magazine, Summer 2018 (Cover Attached – (Magazine Handed Out at Meeting))**
- 6. Updates:**
 - a. Review Parks Commission Update for July 25, 2018 (Attached with Pictures of Pony Parties Express Rides at 7/26/18 Wagner Park Summer Event)**
 - b. CCEC Update (Chair Sutton)**
- 7. Old/New Business**
 - a. Consider Approval of Agreement with Leiviska Golf Design, LLC for Construction of 9-Hole Disc Golf Course at Windrose Park (Attached)**
 - b. Consider Approval Electric Stove/Oven for Wagner Park Shelter (Donation Check Attached and Electric Stove/Oven Options to be Handed Out at Meeting)**
 - c. Consider Approval to Apply for DNR Grant for Archery Equipment (Attached)**
 - d. Update on Phase I of Rowena Pond Repurposing Project – Relocation of Playground Equipment**
 - e. Discuss “Night to Unite” Ribbon Cutting for SkatePark**
 - f. Consider Approval of Bills – Pony Parties Express and Dazzling Dave (Attached)**
- 8. Other Business**
- 9. Set Next Meeting**
 - a. Regular Parks Commission Meeting on Tuesday, September 11, 2018 @ 4 PM @ ENM City Hall**
- 10. Park Commissioner Comments**

- 11. SkatePark Ribbon Cutting at Wagner Park at 5:30 PM**
- 12. Adjournment**

**ELKO NEW MARKET PARKS COMMISSION
TUESDAY, JULY 10, 2018
REGULAR MEETING MINUTES**

PRESENT:

Present at Roll Call were Commissioner Zahratka; Commissioner Dornseif; Commissioner Melgaard and Chair Mike Sutton. Also present were Assistant City Administrator Mark Nagel; Mayor Bob Crawford; and Councilmember Joe Julius.

CALL TO ORDER:

The meeting was called to order at 4:06 PM in Conference Room B at Elko New Market City Hall, 601 Main Street.

APPROVE AGENDA:

Mr. Nagel said that there were no additional items for the July Meeting Agenda. On motion by Chair Sutton, seconded by Commissioner Zahratka, the July Meeting Agenda was approved as printed.

CITIZEN COMMENTS:

There were no citizens present at the July Parks Commission Meeting to make comments to the Parks Commission.

**APPROVAL OF MINUTES OF JUNE 12, 2018 PARKS
COMMISSION MEETING:**

Upon motion by Commissioner Melgaard; seconded Chair Sutton, the Parks Commission Unanimously approved the June 12, 2018 Parks Commission Meeting Minutes as printed.

APPROVAL OF MINUTES OF JUNE 26, 2018 SPECIAL PARKS COMMISSION MEETING:

Upon motion by Commissioner Dornseif; seconded by Commissioner Melgaard, the Parks Commission unanimously approved the June 26, 2018 Special Parks Commission Minutes as printed.

PETITIONS, REQUESTS, AND COMMUNICATIONS:

Mr. Nagel reviewed the Pete's Hill Eagle Scout Project with Commissioners noting that Hartman Sadusky would be building 8 benches – 6 to be placed along the trail and the other 2 near Lake Elko for birdwatching, assuming permission could be obtained from the property owner. He said that the benches would be constructed on the morning of Saturday, July 14th and placed along the trail with the 2 remaining ones being placed at Windrose Park near the playground equipment pending their possible installation at Lake Elko.

UPDATES:

Mr. Nagel reviewed the June 27, 2018 ENM Parks Commission Update, which contained 22 items, with the Commissioners. He noted that the SkatePark equipment had been installed and was seeing increased use, plus it was much quieter. He also mentioned that the first phase of the Rowena Pond RePurposing project- moving the playground equipment - was scheduled to be underway on Thursday, July 12th.

Chair Sutton reported that the Fire Rescue Days, which is assisted by the CCEC, was a success. Next up will be the Halloween festivities on Saturday morning, October 27th.

OLD/NEW BUSINESS:

Mr. Nagel said that at the June Meeting that the Parks Commission was willing to consider accepting a piece of property of about 7.5 acres off of Dakota Avenue at the City's northern boundary instead of the approximately \$40,000 in Park Dedication fees for the Christmas Pines subdivision to be developed at the corner of CSAH 2 and CSAH 2, if made and subject to acceptable terms and conditions. After further discussion on the potential use of the property by Commissioners, Mr. Nagel said that the developer had not yet made a proposal to consider, so the

item would need to be tabled until the August Parks Commission Meeting. Upon motion by Commissioner Melgaard, seconded by Commissioner Dornseif, the Parks Commission unanimously approved a motion to table consideration of the Christmas Pines Park Dedication Fee until such time as a proposal is received from the project developer.

Mr. Nagel called Commissioner's attention to an email from Leiviska Golf Design on the design for a disc golf course in Elko New Market at Windrose Park. Mr. Nagel said that he met with the company and said that the course would cost \$8,100, plus some brush clearing by the City. Commissioners reviewed the layout from the company and made a suggestion that none of the holes go over wetlands or water. Mr. Nagel said that he would convey that revision to the company. He said that the next step, should the Parks Commission decide to proceed, would be bring a formal agreement at a future meeting. Upon motion by Commissioner Dornseif; seconded by Chair Sutton, the Parks Commission unanimously approved concept and course layout for disc golf at Windrose Park and asked Mr. Nagel to bring back an agreement at a future meeting.

Mr. Nagel handed out a copy of the promotional materials from the National Recreation and Park Association for Park and Recreation Month. He said that he would like to use some of the social media templates on the City's website, Facebook and Twitter sites, since they're relevant to promoting the use of City parks. Consensus of the Parks Commissioners was to move forward on this project.

Mr. Nagel reviewed the offer by the N.E.W. Lions Club to donate up to \$700 for an electric stove/oven to be placed in the Wagner Park Shelter. After discussion of the pros/cons of having a stove/oven in the Shelter for use by renters of the facility, a motion was made by Chair Sutton and seconded by Commissioner Dornseif to recommend acceptance of this donation of up to \$700 by the N.E.W. Lions Club for a new electric stove/oven for the Wagner Park Shelter. Motion passed unanimously.

Mr. Nagel said that the Annual "Night to Unite" event would take place on Tuesday, August 7th. He said that the Parks Commission had approved the cost of "Dazzling Dave the YoYo Master" to go around with Police Officers to the various neighborhood parties. He noted that the Parks Commission has traditionally started the festivities by having a ribbon cutting at one of parks, plus ice cream treats for attendees. He suggested that the Parks Commission move their meeting up a week to August 7th at 4 PM and then move to Wagner Park where there would

be a ribbon cutting for the new SkatePark equipment at 5:30 PM. After the ribbon cutting, Parks Commissioners could stay and hand out ice cream treats to those attending. Upon motion by Commissioner Zahratka, seconded by Commissioner Dornseif, the Parks Commission unanimously approved to change the meeting date of the August Parks Commission Meeting to Tuesday, August 7th at 4 PM at ENM City Hall and to hold a ribbon cutting for the new SkatePark equipment at 5:30 PM that same evening.

Mr. Nagel presented the Bill List to the Commissioners – Schlomka's Portable Restrooms for \$710.00 for July services; Mad Science of Minnesota for \$325 for a Winter event at the ENM Library; American Ramp Company for \$22,181.22 for the remainder of the SkatePark equipment; and \$350 to Criterion Pictures for showing movies at 2 City events. Upon Motion by Chair Sutton; seconded by Commissioner Melgaard, the Parks Commission unanimously approved the Bill List as presented.

OTHER BUSINESS:

There were no additional business items to come before the Parks Commission at the July 10th meeting.

NEXT MEETINGS:

The next meeting of the ENM Parks Commission was requested for Tuesday, August 7, 2018 at 4 PM. Mr. Nagel that this was a week earlier than scheduled, but coincided with the annual "Night to Unite" sponsored by the Police Department. He said that traditionally the event "kicks off" with a ribbon cutting by the Parks Commission for a new park project at 5:30 PM, so rather than have the meeting a week later, he was recommending that the Parks Commission meet at 4 PM, then move to a ribbon cutting for the new SkatePark equipment at 5:30 PM with ice cream treats to be served. On motion by Commissioner Dornseif; seconded by Commissioner Zahratka, the August Meeting was set for Tuesday, August 7 that 4 PM in Conference Room B of Elko New Market City Hall with a ribbon cutting for the new SkatePark Equipment to follow at 5:30 PM at Wagner Park.

PARK COMMISSIONER COMMENTS:

Parks Commissioners directed Mr. Nagel to re-mark the trail easement in Rowena Pond to insure that residents knew there may be a future trail leading to the pond.

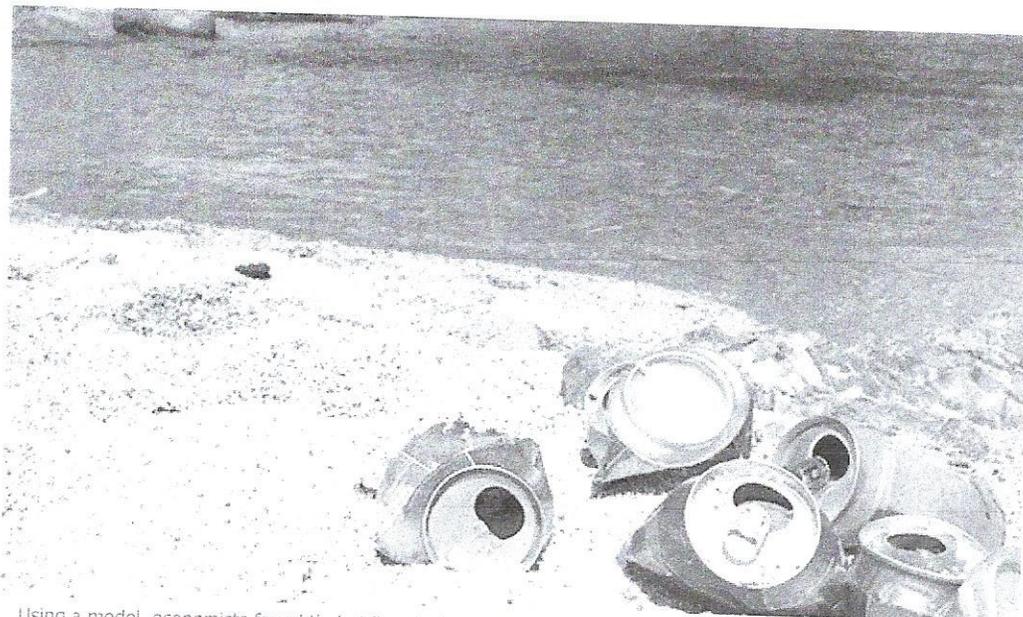

ADJOURNMENT:

There being no further business to come before the Parks Commission, on motion by Commissioner Zahratka, seconded by Commissioner Melgaard, the July Parks Commission meeting was unanimously adjourned by voice vote at 5:23 PM.

Respectfully Submitted,

Mark Nagel, Assistant City Administrator

FINANCE & COMMERCE

Using a model, economists found that visitors to 31 Southern California beaches would be willing to incur \$12.91 in extra costs per trip if each of the beaches had 25 percent less debris. (Deposit photos)

How economists determine the value of nature

By: The Associated Press July 24, 2018 12:47 pm 0

Editor's note: This article, distributed by The Associated Press, was originally published on The Conversation website. The Conversation is an independent and nonprofit source of news, analysis and commentary from academic experts.

Millions of Americans head outdoors in the summer, whether for a day at a nearby lake or a monthlong road trip. For environmental economists like me, decisions by vacationers and outdoor recreators offer clues to a challenging puzzle: estimating what environmental resources are worth.

In 1981 President Ronald Reagan issued an executive order that required federal agencies to weigh the costs and benefits of proposed major new regulations, and in most cases to adopt them only if the benefits to society outweighed the costs. Reagan's order was intended to promote environmental improvements without overburdening economic growth.

Cost-benefit analysis has been so successful as a tool for policy analysis that every administration since Reagan has endorsed using it. However, it requires measuring benefits that are not "priced" in typical markets. Fortunately, putting a price on non-market environmental outcomes, such as safer drinking water and fewer deaths from exposure to dirty air, has proved to be possible, and highly valuable. These estimates help to make the case for actions such as cleaning up beaches and protecting scenic areas as parks.

What's it worth to you?

According to a preliminary estimate from the U.S. Bureau of Economic Analysis, outdoor recreation adds \$100 billion to the U.S. economy yearly. That's 2 percent of our annual gross domestic product – more than agriculture or utilities, and approaching the economic contribution of national defense.

Most policymakers and local communities measure the economic value of outdoor recreation through estimating the amount of money vacationers spend, which calculate how much money it adds to local economies through direct expenditures. For example, vacationers rent hotel rooms, and their spending pays employee salaries and funds local investments through

taxes. Visitors to national parks pay entrance fees for park upkeep, and augment local economies through wages and other expenditures on food and services around the park.

But recreation decisions also reveal the value that people place on the environment itself. Outdoor destinations provide services, such as opportunities to swim or hike in unspoiled settings. If high levels of harmful bacteria at a beach I was planning to visit, I may choose to drive a longer distance to a beach with clean water. By quantifying such increases in time and out-of-pocket expenditures, economists can measure people's willingness to pay for changes in environmental quality.

Funding beach cleanups

In one recent study, I worked with other researchers to estimate increased travel and time expenditures that visitors incurred to avoid trash and debris on 31 Southern California beaches. No one wants to go to a beach littered with hypodermic needles, plastic bottles and discarded fishing nets. But cleaning up marine debris is expensive, and hard for communities to recover the costs, particularly for public beaches with open access. Understanding the economic value of cleaner beaches can help build support for funding trash collection.

To measure the amount of debris, we hired workers to walk the beaches tallying quantities of trash. Then we surveyed Southern California residents about how often and where they went to the beach, which enabled us to correlate numbers of visitors at each beach with quantities of debris. Finally, using travel time and expense to visit each beach, we modeled the relationship between where they chose to go to the beach and the cleanliness of the beach.

Using this model, we found that visitors to these beaches would be willing to incur \$12.91 in additional costs if each of the beaches had 25 percent less debris. This translated into a total willingness to pay \$29.5 million in action to reduce marine debris by 25 percent on these beaches.

Reducing harmful algal blooms in Lake Erie

Trash on beaches is mainly an aesthetic nuisance, but some resource problems are more severe. For example, warm weather often triggers harmful algal blooms in Lake Erie's western basin. These outbreaks, which are caused by agricultural and urban phosphorous pollution, contain freshwater toxins that are dangerous to humans and animals. They can trigger beach closures, and sometimes even drinking water bans.

Using similar techniques to the California study, I worked with another group of economists to estimate the economic value of reducing outbreaks of harmful algal blooms in Lake Erie. To model the relationship between recreation and water quality, we combined satellite data on harmful algal outbreaks in the lake in the summer of 2016 with visit patterns from a survey of Lake Erie visitors. Once again, we used travel time to each visited beach and out-of-pocket expenditures to get there to represent the price of a trip. Then we correlated the price of a trip with the location of the visit and the presence of harmful algal blooms.

Our results showed that reducing these outbreaks through a 40 percent reduction in phosphorous runoff to the western Erie Basin would save swimmers, boaters and fishermen \$800,000 to \$970,000 per year by reducing the need for them to travel extra distance to avoid algal blooms.

Just this spring, Ohio declared the western Lake Erie watershed to be "impaired" by algal blooms, meaning that it does not meet federal water quality standards. Our study provides one measurement of Ohio residents' willingness to pay for a cleaner lake.

Avoiding a major oil spill

People can choose different destinations to avoid dirty beaches or algae outbreaks. But in the case of large environmental disasters, such as the BP Deepwater Horizon oil spill in the Gulf of Mexico in 2010, vacationers are more likely to cancel their trips altogether.

In a study using survey data on canceled vacation trips to Northwest Florida in the year following the BP oil spill, I worked with other economists to estimate the decrease in economic value to Northwest Florida coastal towns. We found that the spill caused a 9 percent drop in trips to Northwest Florida beaches, causing total economic losses of \$252 million to \$332 million across the Florida panhandle. Those losses represent decisions to spend vacation time and money in places where there was less risk of encountering polluted beaches.

MRPA ANNUAL CONFERENCE 2018
ROCHESTER, MINNESOTA

2018 CONFERENCE GUIDE

www.mnrpa.org

ENM Parks Commission Update

July 25, 2018

1. The City Council approved a budget of \$171,234.00 for the Parks Department for 2018. Through June 30, 2018, expenditures total \$66,202.04, or about 38.7%, of the total budgeted. We are well under the 50 % guideline for the first 6 months of 2018, but we are coming into the busiest quarter of the year, so that difference is likely to be much less by the end of September!
2. The Rowena Pond Park RePurposing Master Plan is now underway! The Public Works Department has started to prepare the playground equipment for being moved by Midwest Playscapes, who should have it completed by the August 7th Parks Commission Meeting. Once the playground equipment has been moved, the next step will be the relocation of the baseball field this Fall. I will meeting with the neighbors adjacent to the park before that part of the project is started to go over resolution of their current drainage issues.
3. The new Skatepark equipment has been installed by the American Ramp Company! The SkatePark reopened on Monday, June 18th and will be open during regular park hours. It does seem quieter...I am working on the Rules and Regulations now that everything is complete, so the Police Department can better monitor inappropriate behavior. I hope to have them for your review at the August 7th Park Commission meeting.
4. The second and final installment for the SkatePark equipment - \$22,181.33 - will be on the Consent Agenda for the July 26th City Council Meeting, now that the final inspection is complete. The warranty period began following the completion of the final inspection.
5. I have purchased the posts for the 2 Little Free Libraries to be installed in City parks – one near the digital sign board in front of City Hall and one in Wagner Park. I will purchase a third Little Free Library for Little Windrose Park to go along with the installation of the one near the digital sign and the one at Wagner Park this Spring. The Eagle Scout that I thought would take on this project has decided not to, so the Little Free Libraries will be put up as the Public Works Department gets time to do it this Summer.
6. Speaking of Summer, all the programs offered in Elko New Market by Lakeville Community Ed and New Prague Community Ed are on the City's website under the Events Tab...there are a total of 56 and there's

something to do for residents of any age! Thanks to Stephanie for getting them online and keeping them updated!

7. The 3 week Youth Archery program of the Summer is being held Friday, July 13, 20, and 27 at Windrose Park with a class of 11 participants. Thanks to the Public Works Department for doing the setup and take down of the range each week!
8. The moviemaking class presented by Lakeville Community Ed the Week of 7/16 at the Wagner Park shelter had 6-8 to 10 year olds writing, producing, and directing a short film – they made me a copy of their film, which includes a cameo appearance by yours truly, that I'll show at a future Parks Commission Meeting. They did a great job and have a knack for spotting talented actors, too 😊
9. The Elko Baseball Team request for a fence that would surround Old Elko City Hall Park. The City Council approved the concept of movable gates that will only be closed during ballgames and approved an Encroachment Agreement, which legally addresses the design, installation and maintenance of the fence, at the April 12th City Council Meeting. The Team has now provided the City Attorney with the proper deed indicating their ownership, so now the Agreement can be signed by both parties and the project can move forward once the reimbursement for the City Attorney's expenses is received.
10. The City Council will consider a Resolution to accept the donation of \$700 by the N.E.W. Lions Club for the purchase of an electric stove/oven for the Wagner Park Shelter on July 26th. Assuming approval, I can then get started on buying one and getting it installed.
11. The streetlight request for Pete's Hill was approved on the December 7th City Council Meeting. As recommended by the Parks Commission, the light will be paid for out the City's Contingency line-item and the monthly utility cost would be taken from the Park's Budget. I met with MVEC on Tuesday June 26th on the placement of the light, which will be the same style – Decorative Colonial – as the rest of the neighborhood. The cost for the new streetlight will be about \$3,845, which is \$750 less than the original estimate. It should take about 3 weeks for them to finish the engineering for the project and another 2 weeks to install it, so it should be done by Labor Day.
12. I met with Soccer Coordinator, Melissa Sulich, on the upcoming Fall program at EagleView Elementary School. The Public Works Department

AGREEMENT

AGREEMENT made this _____ day of _____, 2018, between the **CITY OF ELKO NEW MARKET**, a Minnesota municipal corporation ("City"), and **LEIVISKA DISC GOLF DESIGN LLC**, a Minnesota limited liability company ("Contractor").

IN CONSIDERATION OF THE MUTUAL UNDERTAKINGS HEREIN CONTAINED, THE PARTIES AGREE AS FOLLOWS:

1. CONTRACT DOCUMENTS. The following documents shall be referred to as the "Contract Documents", all of which shall be taken together as a whole as the contract between the parties as if they were set verbatim and in full herein:

- A. This Agreement
- B. Disc Golf Design attached as Exhibit A;

In the event of conflict among the provisions of the Contract Documents, the order in which they are listed above shall control in resolving any such conflicts with Contract Document "A" having the first priority and Contract Document "D" having the last priority.

2. OBLIGATIONS OF THE CONTRACTOR.

A. The Contractor shall provide the following goods and services:

- 1. Provide a final 9-hole course design layout for Webster Park;
- 2. Supply 10 baskets (9-hole plus 1 practice basket) and basket sleeves;
- 3. Install 10 baskets;
- 4. Work with City staff to clearly define the Trees and/or limbs to be removed for installation of the course;
- 5. Provide distances for holes;
- 6. Provide concrete for basket sleeves.

B. The Contractor shall perform the work in accordance with the Contract Documents.

3. OBLIGATIONS OF THE CITY. The City agrees to provide the following for the Contractor to perform the services under the Contract:

- A. Remove trees and limbs as necessary for the disc golf course design;
- B. Dig the 2 foot holes for the basket sleeves;
- C. Provide water to mix the concrete for the basket sleeves.

4. **CONTRACT PRICE.** The City shall pay the Contractor \$8,400.00 for the Contractor goods and services provided under this Contract.

5. **CONTRACTOR'S REPRESENTATIONS.**

A. Contractor has examined and carefully studied the Contract Documents and other related data identified in the Contract Documents, and, if applicable, the area where the work will be performed within the City.

B. Contractor is familiar with and is satisfied as to all federal, state and local laws and regulations that may affect cost, progress and performance of the work and services.

C. Contractor has given City written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by the City is acceptable to Contractor.

D. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

6. **ASSIGNMENT.** Neither party may assign, sublet, or transfer any interest or obligation in this Contract without the prior written consent of the other party, and then only upon such terms and conditions as both parties may agree to and set forth in writing.

7. **TIME OF PERFORMANCE.** The Contractor shall complete its obligations on or before _____.

8. **PAYMENT.** When the obligations of the Contractor have been fulfilled, inspected, and accepted, the City will pay the Contractor. Such payment shall be made not later than thirty-five (35) days after completion of work, delivery of services, certification thereof, and invoicing by the Contractor.

9. **EXTRA SERVICES.** No claim will be honored for compensation for extra services or beyond the scope of this Agreement or the not-to-exceed price for the services identified in the proposal without written submittal by the Contractor, and approval of an amendment by the City, with specific estimates of type, time, and maximum costs, prior to commencement of the work.

10. **PROMPT PAYMENT TO SUBCONTRACTORS.** Pursuant to Minnesota Statute 471.425, Subdivision 4a, the Contractor must pay any subcontractor within ten (10) days of the Contractor's receipt of payment from the City for undisputed services provided by the subcontractor. The Contractor must pay interest of one and one-half percent (1½ %) per month or any part of a month to subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid balance of \$100.00 or more is \$10.00. For an unpaid balance of less than \$100.00, the Contractor shall pay the actual penalty due to the subcontractor. A subcontractor who prevails in a civil action to collect interest

penalties from the Contractor shall be awarded its costs and disbursements, including attorney's fees, incurred in bringing the action.

11. WORKER'S COMPENSATION. If Contractor does public work, the Contractor shall obtain and maintain for the duration of this Contract, statutory Worker's Compensation Insurance and Employer's Liability Insurance as required under the laws of the State of Minnesota.

12. COMPREHENSIVE GENERAL LIABILITY. Contractor shall obtain the following minimum insurance coverage and maintain it at all times throughout the life of the Contract, with the City included as an additional named insured by endorsement. The Contractor shall furnish the City a certificate of insurance satisfactory to the City evidencing the following required coverage:

Bodily Injury:	\$2,000,000 each occurrence \$2,000,000 aggregate products and completed operations
Property Damage:	\$2,000,000 each occurrence \$2,000,000 aggregate

Contractual Liability (identifying the contract):

Bodily Injury:	\$2,000,000 each occurrence
Property Damage:	\$2,000,000 each occurrence \$2,000,000 aggregate
Personal Injury, with Employment Exclusion deleted:	\$2,000,000 aggregate

Comprehensive Automobile Liability (owned, non-owned, hired):

Bodily Injury:	\$2,000,000 each occurrence \$2,000,000 each accident
Property Damage:	\$2,000,000 each occurrence

13. RECORDS. Contractor shall maintain complete and accurate records of expenses involved in the performance of services.

14. WARRANTY. The Contractor guarantees that all warranties as specified in the proposal shall be in full force and transferred to the City upon payment by the City. The Contractor shall be held responsible for any and all defects in workmanship, materials, goods and equipment which may develop in any part of the contracted service, and upon proper notification by the City

loss to the property on the site or properties adjacent thereto and to work, materials and equipment under the Contractor's control.

20. WAIVER. In the particular event that either party shall at any time or times waive any breach of this Contract by the other, such waiver shall not constitute a waiver of any other or any succeeding breach of this Contract by either party, whether of the same or any other covenant, condition, or obligation.

21. GOVERNING LAW. The laws of the State of Minnesota govern the interpretation of this Contract.

22. SEVERABILITY. If any provision, term, or condition of this Contract is found to be or become unenforceable or invalid, it shall not effect the remaining provisions, terms, and conditions of this Contract, unless such invalid or unenforceable provision, term, or condition renders this Contract impossible to perform. Such remaining terms and conditions of the Contract shall continue in full force and effect and shall continue to operate as the parties' entire contract.

23. ENTIRE AGREEMENT. This Contract represents the entire agreement of the parties and is a final, complete, and all inclusive statement of the terms thereof, and supersedes and terminates any prior agreement(s), understandings, or written or verbal representations made between the parties with respect thereto.

24. TERMINATION. This Agreement may be terminated by the City for any reason or for convenience upon written notice to the Contractor. In the event of termination, the City shall be obligated to the Contractor for payment of amounts due and owing for materials provided or for services performed or furnished to the date and time of termination.

Murtaugh, Teresa [Teresa.Murtaugh@threeriversparks.org]

Sent: Friday, July 27, 2018 6:52 PM

To: Mark Nagel

Hi Mark,

Just wanted to let you know that Chad was a big help to us in getting our equipment set up and then assisted in loading afterwards since we ran a little late. The kids all seemed to enjoy themselves and the s'mores were a big hit.

If you are going to submit for a grant, I would recommend the following:

*An additional 2 left eye dominant bows

*Two or three mini bows - for the kids that run smaller in size - easier to pull back

*Hard sided cases for the bows. The boxes are starting to fall apart and the hard sided cases will protect them not just from physical accidents but also from extreme heat & humidity. We have these cases for our bows and it makes them easy to handle and they make cases that can hold multiple bows.

We did have several arrows that had broken fletchings - we separated these into one box. Do you all repair these or throw them away? If you discard them, we would be happy to take them off your hands.

I really appreciate all of your help with the series and hope you have a wonderful rest of the summer.
